Re: Letter of Reference

Dear John,

Over the past 4 years, AMFM Constructions have successfully completed several projects for Caltex in NSW, of varying size and complexity. However, AMFM were the company selected to undertake three of the highest profile sites in the Caltex Retail network.

- Caltex Yass Service Centre (one of Caltex largest and busiest sites in NSW)
- Caltex Northmead (combined NSW Training Centre and retail site)
- Caltex Heathcote (prototype site for new Retail image)

All three sites were very unique in their designs and challenges and were completed safely and on schedule.

The qualities I appreciate most in AMFM Constructions are the attention to safety, fairness in scope variations and promptness in attending to project completion issues.

Regards,

John Merritt
Project Manager - NSW
Caltex Australia
